DESCRIPTION

MILERITE S1P is a low safety shoe inspired by sport design with mesh upper and lining which offer high breathability and comfort. The front reinforcement made of embossed leather is suitable for users working squatting or kneeling. It ensures longer lifetime. Its double density PU outsole resists to fuel and oil contact. It is slip-resistant on ceramic or steel floor and offers excellent shock absorption. Its removable insole, made of textile and EVA with wide perforations, offers good evacuation of perspiration. MILERITE features a toe-cap and an anti-penetration plate made of steel for optimal protection. It is ideal for work dry environments.
